INDEX

TO

VOLUME I.—MDCCCXXVIII—IX.

A

PAGE

Abdomen, hydatid tumour of the .. 91
——— sudden enlargement of in pregnancy 98
——— enlargement of, as a sign of pregnancy 324, 384, 387
——— cancer of the skin of.... 382
——— laxity and rigidity of, in pregnancy 452
——— wound of..... 506
Abernethy, Mr., portrait of..... 536
Abortion, remarkable case of 127
——— after an operation for tumour in the breast..... 394
——— retention of the placenta after 432
——— expulsion of the placenta after, by ergot of rye 782
Abscess, psoas, treated by injection 27
——— of the spleen 231
——— of the stomach 622
——— encysted in the cavity of the uterus..... 766
Abscesses, numerous 829
Abstinence, complete, remarkable case of 486
——— effects of on the stomach 581
Abuses at St. Bartholomew's 95, 128, 284
——— at St. Thomas's..... 124
——— in the Universal Infirmary for Children..... 296
——— alleged, in the Webb Street School 640
Acid, arsenic, action of on several sorts of sugar 521
—— prussic, effects of, on plants .. 772
Address to the Readers of The Lancet..... 1
Adipo-sarcomatous tumour, removal of 719
Adult and fœtal circulation, difference between..... 194
Æsophagus, perforation of 485
——— malformation of 502
Alexandria, on the plague in 390
Allison v. Haydon, trial for recovery of an apothecary's bill 149
Alum, a remedy in colic, from lead 508, 693.
Amesbury, Mr., complete cure of fractured thigh-bone by.....212, 279
——— Mr. his work on Fractures, notice of 244
Ammonia, subcarbonate, in pustular venereal eruption 349

PAGE

Amnion, structure of the 164
Anastomosis, venous 766
Anatomy, Richmond School of, remarks on 301, 462, 528, 654
Anatomy, on the cultivation of 434
——— Committee on, Mr. Wakley's evidence before the 789
Axilla, groin and neck, enlargement of glands of the 827
Ancle joint, disease of the..... 506
Anecdote, flight of patients from St. Bartholomew's, from fear of Nevey's surgery 703
——— Mr. Knox, Dr. Ramadge, and the "pashunt" 703
Anelides abranchi, on the circulation and respiration in the 167
Aneurism, popliteal femero 90
——— case of..... 124
——— of the innominata and carotid, successful operation for, 157, 602
——— carotid 582
——— anastomosing, the carotid tied 618
——— false, of the brachial artery 522
——— of the aorta..... 174, 580
——— by anastomosis, treated by ligatures 569
——— value of the stethoscope in 586
——— of the temporal arteries.... 598
Angina pectoris 509
Animalcula, spermatic, remarks on.. 732
Animals, appearance of the blood of, under different states of excitement 201
——— sexual scents as a bait for, 322
——— effects of poison on 817
Anus, imperforate, case of 597
——— artificial, treated by compression successfully..... 827
Aorta, pressure on the, in uterine hæmorrhage 44
——— aneurism of..... 174
Apoplexy, singular affection of the speech from 735
Apothecary's airs, at St. Bartholomew's 25
Apothecaries' Hall, regulations for the examinations at 111
——— Company, letter to the Court of Examiners of 112
——— Act, its *protection* to qualified practitioners 133
——— benefits arising from 149
——— Company, strictures on 178

PAGE

Apothecaries' Company, defence of 190
——— ignorance of 304
——— Hall, rejected candidates at..... 511
——— shops, curious examinations of, by censors and wardens 554
——— Company, legalised meddling of the 684
——— Hall, examination at the 767
——— Irish, diplomas of.... 685
——— Bill, trial for the recovery of 149, 150
Apparatus for the cure of consumption 811
Apprentices, apothecaries', Dublin 145
Areola, the change of, in pregnancy 325
Arm, extensive laceration of the 62
—— fungus of the 444
—— amputation of..... ib.
—— lacerated wound of 524
—— and hand, inflammation of the.. 123
——— erysipelas of 414
Aroma of bark as a remedy in consumption 811
Arsenic, test of 619
Arsenical solutions given in poriasis inveterata 350
Arteries, temporal, anastomosing aneurism of the 598
Artery, femoral, operation of tying 90
——— tying of the..... 124
——— brachial, false aneurism of the 522
——— carotid, tied 618
——— pulmonary, rupture of the .. 629
——— upper thyroid, ligature of .. 678
——— carotid, tying of the, in bronchocele ..... ib.
——— posterior tibial, wound of the 719
——— tibial, anterior, tying of the 765
——— spermatic, tied in varicocele 773
Asthritic exanthem..... 630
Ascites 509
Ass, state of blood of, under excitement 201
—— fœtal circulation in the..... 794
Assistants, medical, their distressed condition 784
Asthma, spasmodic 21
Asphyxia, transfusion in cases of 232, 441
——— from submersion 677
——— recovery of an infant from 686
——— from drowning 767
Attendance, irregular, of the surgeons at the Borough Hospitals .. 63

B

Bandage, abdominal, its use after delivery..... 100
Banner, Mr. J. M., extirpation of the uterus by 57
Bat, country, operation by a..... 694
Bath Hospital; bladder uncut, after an hour and a quarter..... 191

PAGE

Bath and United Hospital, letter on the..... 254
—— the hip, use of for vaginal cleanliness..... 675
Bats, Scotch, frands of the 274
—— Corruptionists, and Aberdeen Dubs 466
—— blunders of..... 534
—— character of, reports written by 722
—— smuggling of 723
Beatty, Mr. Pakenham, certificate from 696
Bedingfield, Mr. J., on Cuvier's theory of accidental colours 80
——— on extraction of the teeth 343
Bell's, Mr., Introductory Lecture at the London University 9
——— B. Treatise on the Bones, review of 330
Belladonna, case of poisoning with .. 45
——— on smoking of, in phthisis 520
Bennett, Mr., remarks on his theory of the venous circulation 730
Biography of Mr. C. Tucker 212
——— of Mr. Martineau 768
Birds, bronchial vessels in the fœtus of 43
Birmingham, "hole and corner" work at 94
——— School of Surgery and Medicine, address at the 104
——— Town Infirmary, "hole and corner" work at 224
Bite of a viper, singular effects of .. 580
Bladder, urinary, rupture of 25
——— irritation of, as a sign of pregnancy..... 323
——— inversion of the 480
——— rupture of the..... 516
——— descent of the, in pregnancy 517
——— laceration of the..... 629
——— on some of the diseases to which it is liable 641
——— retention of urine 642
——— partial retention of urine.. ib.
——— rupture of the 646
——— over distention of, in women 673
——— on the cure of rupture of, in women 676
Bleeding, value of, in the cold stages of intermittent fever.. 12, 72, 106, 438, 489, 778, 815.
——— from leech-bites, methods of arresting 232, 672
——— in scarlatina 304
——— in concussion 342
Blisters, on the application of, in measles 287, 304
——— application of, in incontinence of urine in women 674
Blood, on the condition of the, in inflammation 10

PAGE

Blood injected for three weeks into the jugular vein of a dog 132
——— circulation of, in the ovum .. 193
——— carbon, in the..... 195
——— appearance of, in animals, under different states of excitement 201
——— buffy, as a sign of pregnancy 385
——— buffy, discussion on 725, 749
——— circulation of the, in the venous system 633
——— venous circulation of the.... 730
——— fœtal circulation of the, in the horse, ass, and cow 794
——— on the action of its vessels .. 591
——— remarks on "white"..... 823
Blundell, Dr., extirpation of the womb by 20
——— on the gravid uterus, and the diseases of women and children..... 97
——— on dropsy of the uterus 98
——— on sudden enlargement of the abdomen in pregnancy 98
——— on muscularity of the womb..... 99
——— on the structure of the uterus ..... lb.
——— on varieties in wombs 100
——— on the state of the womb during the progress of pregnancy 102
——— on the contents of the womb..... 129
——— on the stomach and intestines of the fœtus 130
——— on the clitoris in the early months 131
——— on the fœtus *in utero* lb.
——— on the descent of the testes..... lb.
——— on the thyroid gland of the fœtus..... lb.
——— on the lungs of the fœtus..... 132
——— remarks on twins .... lb.
——— on the nourishment of the fœtus ..... lb.
——— on transfusion.... 132, 431
——— on the functions of the fœtus..... 132
——— on the sensibility of the fœtus *in utero* ..... lb.
——— on the weight of the fœtus..... 133
——— on the position of the fœtus..... lb.
——— on fœtal monstrosity.. lb.
——— on the placenta.. 133, 161, 195.
——— on the umbilical chord 161
——— on the involucre..... 162
——— on the decidua tunica 163
——— on the chorion..... lb.
——— on the amnion 164

PAGE

Blundell, Dr., on the decidua tunica reflexa 165
——— on the liquor amnii .. 166
——— on the difference between the adult and fœtal circulation..... 194
——— on the action of the lungs on the blood 195
——— on the functions of the placenta ..... lb.
——— on the physiology of the gravid uterus 196
——— on the form in which the rudiments come down into the womb..... 197
——— on impregnation of the womb 197
——— on the formative process the uterus..... 224
——— on the causes of monstrosity..... 225
——— on epigenesis and evolution..... 229
——— on hybrid-organisation 230
——— letter from, on the extirpation of the uterus 255
——— on impregnation..... 257
——— experiments on generation in rabbits ..... lb.
——— on the prevention of impregnation..... 259
——— on the penetration and quantity of semen necessary to impregnation ..... lb.
——— on the admixture of fluids in generation..... 261
——— on pregnancy in virgins and boys ..... lb.
——— on the causes of sterility lb.
——— on fecundity ..... lb.
——— on suckling in preventing pregnancy 262
——— on some phenomena in twins..... lb.
——— on the changes which occur at puberty 321
——— on the period at which gestation closes 322
——— on sexual scents..... lb.
——— on sexual instinct .... lb.
——— on the various signs of pregnancy..... lb.
——— on affected pregnancy 323
——— on the movements of the fœtus in the womb 323, 386
——— on the changes in the breast during pregnancy 324
——— on the state of the nipple and areola in pregnancy 325
——— on cessation of the catemenia in pregnancy 326
——— on the longings of women in pregnancy 385

PAGE
Blundell, Dr., on anomalous signs of pregnancy 385
——— on the sensation of quickening in pregnancy 385, 389
——— on the examination of pregnant women by the hand 386
——— on the movements of the fœtus 323, 386
——— on enlargement of the womb..... 387
——— on the bulk of the uterus in the earlier months .... ib.
——— on the means of ascertaining the age of gestation ..... ib.
——— on the period at which gestation will close ..... ib.
——— on the ascent of the fundus in pregnancy 388
——— on "the reckoning" in pregnancy ..... ib.
——— on the length of the cervix in pregnancy ..... ib.
——— on the duration of human gestation 388
——— on irritability of the stomach and bowels in pregnancy 417
——— on ophthalmia in pregnancy 418
——— on dropsy in pregnancy 420
——— on syphilis in pregnancy..... 421
——— on the administration of mercury in pregnancy 421
——— on double conception 423
——— on some of the diseases of pregnancy 417
——— successful case of transfusion by 431
——— on extra uterine pregnancy 447
——— on heartburn in pregnancy 449
——— on the diseases of pregnancy 449
——— on prolapsus uteri .. 450
——— on micturition in pregnancy..... ib.
——— on calculus in the bladder during pregnancy ..... ib.
——— on jaundice in pregnancy ..... ib.
——— on dyspnœa in pregnancy..... 451
——— on convulsions in pregnancy ..... ib.
——— on odontalgia in pregnancy ..... ib.
——— on mastodynia in pregnancy 452
——— on dropsy of the ovum ib.
——— on rigidity and laxity of the abdomen ..... ib.
——— on false pains in pregnancy ..... ib.

PAGE
Blundell, Dr., on the movements of the fœtus 453
——— on malformation of the genitals..... 480
——— on diseases of the unimpregnated genitals 481
——— on retroversion of the womb..... 482
——— on retroversion of the uterus 514
——— on pelvic tumours 515
——— on rupture of the bladder in pregnancy 516
——— on descent of the pelvic viscera in pregnancy, and treatment 545
——— on the womb ..... ib.
——— on the vagina 546
——— on the bladder 547
——— on protrusion of the womb..... 577
——— on the ring pessary .. ib.
——— on descent of the uterus 578
——— on pessaries 609
——— on diseases of the bladder in pregnancy..... 641
——— on retention of the urine in pregnancy..... 642
——— on the introduction of the catheter in pregnancy 644
——— on rupture of the bladder in pregnancy 646
——— on fracture of the sternum in pregnancy 647
——— on rupture of the uterus during delivery ..... ib.
——— on prolapsus of the uterus ..... ib.
——— on the length of the umbilical cord 648
——— on incontinency of urine in women 673
——— on some diseases of the bladder..... 674
——— on vaginal cleanliness 674
——— on the ping pessary .. 675
——— on the cure of incontinence of urine in women 675
——— on the cure of rupture of the bladder in women 676
——— on indolent scirrhus of the uterus..... 705
——— on varieties and form of the os uteri ..... ib.
——— on the characters of scirrhus of the uterus..... 707
——— on the treatment of scirrhus of the uterus..... 708
——— on prognosis of scirrhus of the uterus ..... ib.
——— on the means of determining the existence of scirrhus of the uterus..... 709

PAGE

Blundell, Dr., on scirrhus of the ovaries 737
——— on encysted dropsy of the ovary 769, 801
Bodies, mode of procuring at Edinburgh 424
——— for dissection, on the means of procuring 465
——— disgusting traffic in 562
——— dead, remarks on the laws relating to the procuring of 753
——— ——— on legislative measures for securing the supply of 785, 818
Bone-setters in the north 334
Bone, union of, by the first intention 401
Bones of the skeleton, description of 156
——— on those which contribute to locomotion 290
——— a treatise on the diseases of the 339
Botanical Society, curious proceedings at the 566, 634
Bowels, ulceration of the, and treatment 121
Boy, instance of one with a fœtus in 261
Brain, laceration of the, 30, 159, 336, 344, 529.
——— concussion of the 409
——— wounds of the, union of 553
——— fever case, alleged 715
Breast, malignant diseases of the .. 28
——— scirrhous, removal of 282
——— enlargement of, as a sign of pregnancy 324
——— tumour in, during pregnancy 394
——— tumours of the 542, 602
Breschet, M., mode of operating in lithotomy 317
Brodie, Mr., his pecuniary assistance to *Charity Roderick* 722
Bristol Infirmary, some account of 694
Bronchial vessels in the fœtus of mammalia and birds 43
Bronchitis and laryngitis, gangrenous 284
Bronchocele, iodine in 414
——— ——— common carotid tied .. 678
Broussais, M., and others, comparative mortality in their practice .. 198
——— ——letter on the practice of 256
Brown, Dr. S., of New York, silver cup to 512
Bruises and Fractures 446
Brunswickers, medical, in Dublin .. 307
Buck-bean, the common, as a substitute for hops 695, 784
Bullock, pericarditis in a 87
Buffiness of the blood in animals.... 201
Buffy blood as a sign of pregnancy 385
——— ——— discussions on 725, 749
Burke, the murderer, trial of, at Edinburgh 424
——— confession of 667
Burn, death from 721

PAGE

Burns, employment of chloride of soda in 605
——— Mr. Joe, on hospital reporting 689

C

Cæsarian operation successfully performed 253
Calculous concretion in the nose.... 605
Calculus in the bladder during pregnancy 450
——— obstructing delivery 597
——— curious situation of 679
——— enormous, extracted by Mr. Lawrence 796
——— passage of, in fragments with the urine 800
Callaway, Mr. T., letter from Dr. Haslam to 373
Calomel, on the exhibition of, in strangulated hernia and enteritis 630
Cambridge Hospital, account of the 695
Campbell, Dr., on rupture of the uterus 33
Cancer of the uterus 157
——— of the skin of the abdomen .. 382
Carbon in the blood 195
——— mode of obtaining pure crystals of 678
Caries of the teeth 203
——— of the sternum 383
Carmichael, Mr., Lennox's hints to 141
——— ——— conduct of, remarks on 239, 398
——— ——— defence of 696
Carotid and innominata, operation for aneurism of 187
Carotid aneurism 582
——— artery tied for aneurism 618
——— common, tied in bronchocele 678
Carter, Mr. T., letter from, on proceedings at the Glasgow Infirmary 218
——— ——— letter of, respecting "No 5" nurse 416
——— ——— ——— support of, by his fellow students, at the Glasgow Infirmary 488
Cartilaginous degeneration of the stomach 581
Cartilages of the ribs, excision of .. 136
Cat, effect of fright on the fœtus of a 228
Castration, operation of 344
Catamenia, cessation of, in pregnancy 326
Cataract, keratonyxis 187
Cataract, congenital in both eyes, operation for 216
Catheter, on its introduction 614
——— use of, in incontinence of urine 675
Cauterisation, caries of the sternum treated by 383
Cautery, use of, in the cure of incontinence of urine in women 675

PAGE
Censors and wardens, curious examinations of apothecaries' shops by 554
Certificates, medical, of the London University 210
Certificate trade 763
Cervix uteri, length of in the different stages of pregnancy 388
Chancre, closing of the urethra by, extravasation of urine from 315
Charcoal in irritability of the stomach and bowels 417
Charity Roderick, castigation of, by a Pupil 526
Cheek, left, loss of substance in, operation for restoring..... 734
Cheese, case of poisoning by 805
Cherrattah as a deobstruent..... 536
Chilblains, remedy for 783
Child just born, weight of..... 133
——— menstruation in one nineteen months old 264
——— removal of a fœtus from the testicle of..... 740
Children, malformation of the œsophagus in 502
——— on the management of.... 552
Chin, nævus on the..... 480
Chlorides of lime and soda 536
Cholera, on the nature and treatment of 152
——— ravages of, in Hindostan .. 693
Chorea, cases of 687, 806
Chorion, structure and functions of the 163
Christie, Dr., on cholera and the mucous membranes 152
Circulation, of the anelides abranchi, on the 167
——— fœtal 193
——— in the horse, ass, and cow..... 794
——— adult and fœtal, difference between the..... 194
——— of the blood in the veins, remarks on 730
Clark, Mr. C., on "foot lameness" in horses 46
——— on the advantages of the expansion shoe 559, 824
Clark, Mr., work of, on the teeth .. 821
Clavicle, pulsatory tumour beneath 480
Cleanliness of the vagina, remarks on 674
Clinical lectures, Bartholomew's 142, 223
Clitoris, state of the, in the early months 131
Cobbett, Mr., his opinion of the trial of Cooper v. Wakley 625
Colchicum, use of, in rheumatism .. 697
Coleman, Professor, his shyness of a pupil's questions..... 243
———, sagacity of, in horse flesh 351
Colic from lead 598, 638, 693
College of Physicians, meeting at the, 637, 821.
